Offeror questions and responses:

1. DD Form 1707 para 8 states "The source selection decision will be based on a combination of the technical proposal, past performance and socioeconomic subcontracting procedures/intentions (See Clause M28). Clause M28 provides three evaluation factors, i.e. price, experience, and past performance. Clause L2.31.100 states the proposals will be submitted in four sections and clearly labeled price proposal, experience, and past performance. The question is: Are there three sections or four sections of the proposal? In accordance with FAR 15.304 socioeconomic subcontracting procedures/intentions should not be required since this is a small business set-aside

ANSWER: Clause L2.31.100 should state: Proposals will be submitted in three sections and clearly labeled Price Proposal, Experience, and Past Performance. There are three sections of the proposal. Paragraph 8 of the DD Form 1707 should read: The source selection decision will be based on a combination of price, experience, and past performance.

2. Clause E5.03 (b) Inspection of Services. This clause states that the contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. What does this clause specifically mean in terms of a training contract? Will the end of course evaluations that are required be an acceptable "inspection system"?

ANSWER: In terms of a training contract, the end of course evaluations will be considered an acceptable inspection system.
